

Snakey Wires

What you will need:

- Pipe cleaners
- Beads that fit over the pipe cleaners
- Scissors
- Glue
- Sellotape
- Koki pens
- Scrap card
- Animal faces pdf printed out (optional)

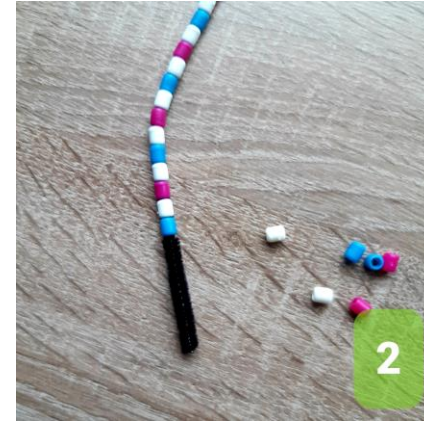

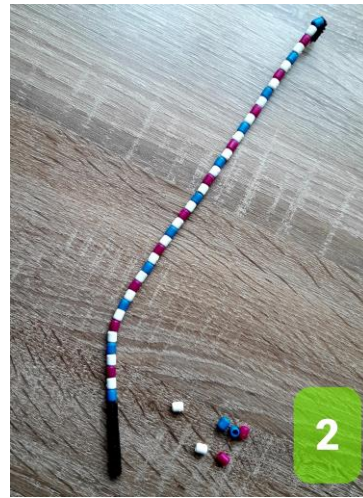

Steps create your snakey wires (see images).

1. Bend the bottom of the pipe cleaner.
2. Insert beads of your favourite colour in a pattern or as desired, all the way on the pipe cleaner, but leave about an inch at the end.
3. You may print the animal face page on cardboard and cut around the animals, OR create your own face with cardboard: Cut out the shape of the head of your animal from cardboard, ears, tongue, eyes, etc., or draw on the details with Koki pen.
4. Sellotape the pipe cleaner behind the head.
5. Coil the pipe clean to enable your snakey wire to stand, OR coil around a pencil!

How cute!

Snakey Wires

Print on cardboard and cut around the animal faces.
